Facilitators Profile

Dr. Sher Muhammad Daudpota

Director Quality Enhancement Cell and Professor of Computer Science

Dr. Daudpota is leading QEC of Sukkur IBA University for past eight years. During these years he has contributed in university's efforts for national and international accreditations. He is responsible of program level self-assessment of all the programs being offered by the university. He has participated in different workshops of Assurance of Learning organized by AACSB.

He is also an HEC Program-Reviewer, in this capacity, he had a chance to visit many higher education institutions of Pakistan to assess and learn their quality assurance mechanism. Dr. Daudpota has also worked on a five years partnership between Sukkur IBA University, Johnson County Community College and University of Missouri Kansas City (UMKC), USA. He served as Project Director on this partnership project. Under this partnership, Sukkur IBA faculty with the support of U.S State Department, learned the best practices in Assessment, Distance Education, Early Childhood Education, Mathematics and English.

His work with USWDP of USAID as a consultant helped him to understand the model of community colleges in Kabul and its role in workforce development. He worked with KPU faculty in Kabul to develop and assess Associate Degree in computer science.

Dr Mujeeb-u-Rehman Bhayo

Director International Accreditations, Sukkur IBA University
MSc and PhD Finance from Cardiff Business School

Dr Bhayo is leading AACSB, AMDISA (SAQS), and EQUIS (EFMD) accreditations of the Business Administration department at Sukkur IBA University.

He is one of the pioneering members of the International Accreditation Office (IAO) at Sukkur IBA University, who helped develop the office structure and SOPs. He has been an integral part of the Accreditation team. He was part of the team who worked on the Pre-Eligibility Application and initial Self Evaluation Report (iSER) of Sukkur IBA University which were approved by the IAC of AACSB in 2017 and 2019, respectively. He led the team who submitted the First iSER Progress Review to AACSB, which also has been accepted by IAC. He has been looking after the Assurance of Learning (AoL) of Bachelors, Masters, and PhD programs since 2017. He has been looking after AACSB standards related to faculty (i.e., standards 2, 5, 6, and 15). He is also the active member of the AMDISA (SAQS) accreditation committee and has worked on its Self-Assessment report which was recently submitted to AMDISA.

Dr Bhayo has attended various trainings and conference of AACSB across the globe. He has conducted the following workshops for the business school faculty;

1. Assurance of Learning (AoL) Seminar.
2. Designing and Development of CLOs and course specifications
3. Faculty qualification and engagement
